# Kill-Wish

## Automatic Sanitizer Dispenser

Kill-Wish is automatic Sanitizer/ Liquid-Soap dispenser designed for continuous, contact-less use. Suitable for all household, Communities, Apartment Security Gate, Hospitals, Malls, Schools & Colleges, Shops, Industries etc

### Models:

1) Kill-Wish : Super

2) Kill-Wish : Lite

# Kill-Wish : Super

**Storage Capacity : 10 Liter**

**Mode of operation: Automatic Sanitizer Dispense  
(Consumes less power than mist dispenser)**

**Mounting Style : Table Top/Counter Top**

**Power Supply : AC 220V Adapter (included in box)**

**Extra Feature : Super Saving Mode**

**How does Super Saving Mode Work:**

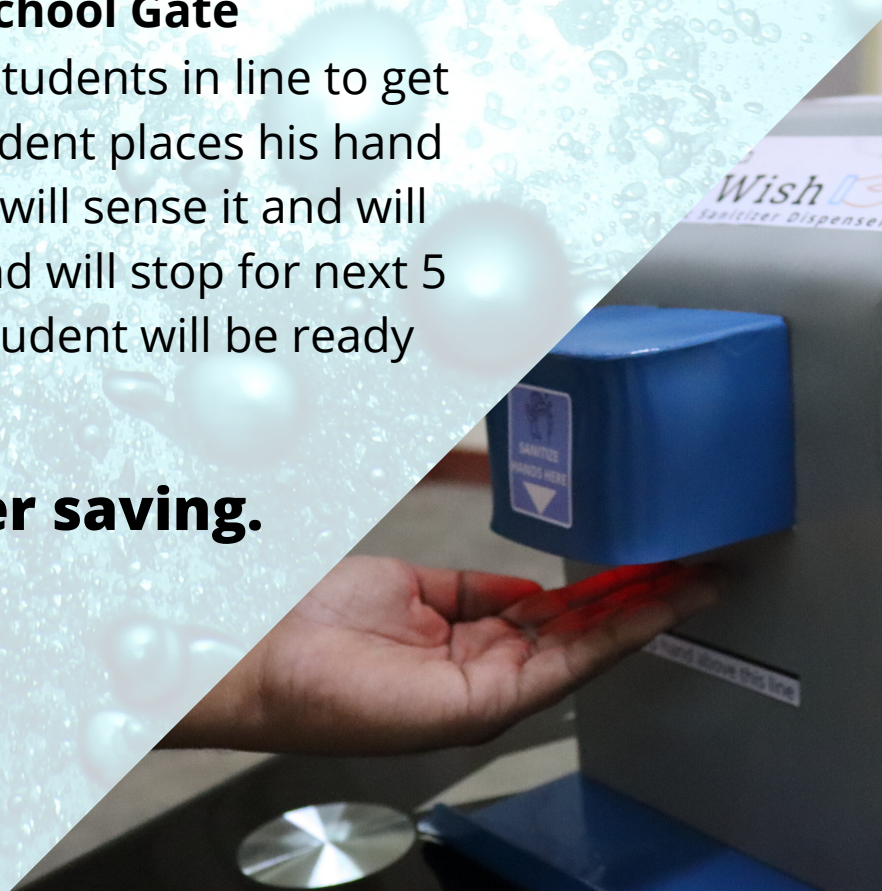

Its Artificial Intelligence feature allows only specific quantity dispense per cycle even if user keeps hand for longer than required, saves almost 50% sanitizer per person use.

**Example: Installation at School Gate**

Suppose there are several students in line to get sanitizer. When the first student places his hand near dispenser, the system will sense it and will dispense for 0.5 seconds and will stop for next 5 seconds. Meanwhile next student will be ready for next cycle.

**Approx 50% Sanitizer saving.**

**MRP :  
Rs 6,500/-**

# Kill-Wish : Lite

**Storage Capacity : 5 Liter**

**Mode of operation: Automatic Sanitizer Dispense  
(Consumes less power than mist dispenser)**

**Mounting Style : Table Top/Counter Top**

**Power Supply : AC 220V Adapter (included in box)**

**Working:** The system starts and continue to dispense till user keeps his/her hand under dispenser. The dispenser will stop immediately once hand is removed.

**MRP :**  
**Rs 3,000/-**
